

The best workflow solution on the market

“

“When you find yourself looking for the best workflow solution on the market, you quickly end up looking into Switch.”

-Eric Olijve, director of NetzoDruk

Rebel against the constraints of the vendor-specific

Create a workflow that follows your process

Connect anything to everything you work with, now and in the future

enfocus SWITCH

The workflow automation freedom movement

Switch automates your processes regardless of your print applications or devices by giving you all the pieces you need for your workflow to work your way.

Go from working out-of-the-box to creating outside the box automation.
