## Tech Textured Ultra Flat 200mic

### Product Information

#### General

Tech Textured Ultra Flat 200 mic is a textured white super-flat, 230-micron, printable PVC/PET hybrid film. This product is typically used to make roll-up graphic media and printable banner, for use in the exhibition, display and sign market. It is a synthetic 'stay flat' product, with a scuff resistant, crystal finish. It is designed to be used without the need for over lamination, and therefore offering a faster production speed and lower cost. This material can produce vibrant colours and has a grey 'stop light' backing.

#### Product is suitable for

- Roll-Up
- POS Signage / General Signage
- Trade Show Exhibitions
- Banners
- Suitable for over-lamination if required (high coat weight adhesive)
- Indoor and Outdoor
- HP Latex, Eco-Solvent, Solvent and UV Inks

#### Product Benefits are

- Stay Flat Construction
- Scuff Resistant, Crystal Finish.
- Vibrant Colours
- Grey 'Stop Light' Backing
